### Finance, B.B.A.

Finance broadly emphasizes the study of financial instruments, institutions and markets. Graduates are employed in a wide variety of careers including financial analysis, financial advising, financial instrument investment and portfolio management and insurance. Finance professionals work for investment banking firms, private firms, governmental units and not-for-profit organizations.

The finance major requirements provide a substantial portion of the content coverage for the level 1 examination in the Chartered Financial Analyst (CFA) program. In addition to the required finance courses and common SBE core, students interested in obtaining the CFA designation are encouraged to complete additional finance, economics and accounting electives.
