Art Education, B.A.

Art education majors develop problem-solving skills and creative design thinking strategies through analysis, critique and creation of works of art. Students explore a range of media in foundational studio courses and refine their art practice in advanced courses, culminating in a senior art exhibition. Students pair the major with secondary education and are prepared for K-12 Art Teaching Certification as well as a wide range of teaching possibilities in community art centers, children's museums, art museums, parks and recreation departments and arts organizations.

Secondary Education, B.A.

The Education Department offers a newly redesigned, undergraduate licensure program in education to prepare elementary, secondary, K-12 art, K-12 foreign language and in conjunction with the Department of Music, K-12 music teachers. It is an experience-oriented teacher education program based on the liberal arts. The faculty of the education department is committed to the serious study of education and the promotion of professional standards to foster innovation in professional preparation. This commitment encompasses social issues such as equity and capacity-based learning, with an emphasis on preparing candidates to teach in diverse school settings. The program is approved for licensure by the Illinois State Board of Education. Teacher education programs differ from other programs at the College in that additional specific criteria must be met in the area of general education, as well as in the area of the major.

Secondary Education majors are required to complete a second major in their chosen content area in order to obtain a teaching license. The content areas are as follows: English, Social Science: History, Mathematics, Integrated Science: Chemistry, Integrated Science: Physics or Biology. Requirements for these majors are housed in their respective departments.
