Organizational Leadership
Physician Assistant Studies*
Professional and Creative Writing
Sports Leadership

DOCTORAL DEGREES

Physical Therapy**

*The ARC-PA has granted Accreditation-Provisional status to the North Central College Master of Physician Assistant Studies Program sponsored by North Central College. Accreditation-Provisional is an accreditation status granted when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program's ability to meet the ARC-PA Standards or when a program holding Accreditation-Provisional status appears to demonstrate continued progress in complying with the Standards as it prepares for the graduation of the first class (cohort) of students. Accreditation-Provisional does not ensure any subsequent accreditation status. It is limited to no more than five years from matriculation of the first class. The program's accreditation history can be viewed on the ARC-PA website at arc-pa.org/accreditation-history-north-central-college/. North Central College matriculated its first class in January, 2022.

**Graduation from a physical therapist education program accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 3030 Potomac Ave., Suite 100, Alexandria, Virginia 22305-3085; phone: 703-706-3245; accreditation@apta.org is necessary for eligibility to sit for the licensure examination, which is required in all states. North Central College is seeking accreditation of a new physical therapist education program from CAPTE. On June 1, 2022, the program submitted an Application for Candidacy, which is the formal application required in the pre-accreditation stage. Submission of this document does not assure that the program will be granted Candidate for Accreditation status. Achievement of Candidate for Accreditation status is required prior to implementation of the professional phase of the program; therefore, no students may be enrolled in professional courses until Candidate for Accreditation status has been achieved. Further, though achievement of Candidate for Accreditation status signifies satisfactory progress towards accreditation, it does not assure that the program will be granted accreditation.
