### International Business, B.B.A.

International Business benefits students who aspire to developing a global mindset and are willing to confront situations and problems characterized by volatility, uncertainty, complexity, and ambiguity. This major is for students who are interested in understanding global competitive dynamics, competencies and decision-making skills for multinational industries. International business graduates possess highly transferable skills attractive to international firms, state or federal agencies and non-government international organizations. Often domestic firms seek International Business graduates for their business, language and multi-disciplinary skills.
