Spanish, B.A.

Bilingual candidates always appeal to employers and graduate school deans as true global citizens who stand head and shoulders above the rest. And that’s what you’ll become at North Central! Our Spanish faculty is quite dedicated and portrays rich geographical and linguistic diversity representing Latin America, Spain, and North America regions. Numerous opportunities to travel to Spain, Costa Rica, Chile, Colombia, Nicaragua, Peru, or El Salvador are offered yearly as study abroad programs, research programs, or service trips. Combine that with small classes, our campus resources like the Roberta I. Myers Language Resource Center, and the multiple opportunities to enjoy the Hispanic culture on campus, and you’ll become fluent in Spanish.

Major Requirements

The Spanish major consists of a minimum of 32 credits. Thirty credits must be in SPAN courses at or above the 201-level including the following coursework. Up to two credit hours in HPST may be counted toward the Spanish major. This major will automatically satisfy the elementary competency in a foreign language requirement of the B.A. degree as noted in the B.A. Degree Requirements within the Academic Regulations section of this catalog.

| Course Name                            | Term Taken | Grade | Gen Ed |
|----------------------------------------|------------|-------|--------|
| SPAN 322 - Spanish for the Professions |            |       |        |
| SPAN 490 - Topics                      |            |       |        |

Note:

Students seeking teaching licensure must also complete the Secondary Education major requirements.

Additional Requirements for the B.A. Degree

Students must demonstrate elementary competence in a foreign language. For more information, see the B.A. Degree Requirements within the Academic Regulations section of this catalog.

## Secondary Education, B.A.

The Education Department offers a newly redesigned, undergraduate licensure program in education to prepare elementary, secondary, K-12 art, K-12 foreign language and in conjunction with the Department of Music, K-12 music teachers. It is an experience- oriented teacher education program based on the liberal arts. The faculty of the education department is committed to the serious study of education and the promotion of professional standards to foster innovation in professional preparation. This commitment encompasses social issues such as equity and capacity-based learning, with an emphasis on preparing candidates to teach in diverse school settings. The program is approved for licensure by the Illinois State Board of Education. Teacher education programs differ from other programs at the College in that additional specific criteria must be met in the area of general education, as well as in the area of the major.

Secondary Education majors are required to complete a second major in their chosen content area in order to obtain a teaching license. The content areas are as follows: English, Social Science: History, Mathematics, Integrated Science: Chemistry, Integrated Science: Physics or Biology. Requirements for these majors are housed in their respective departments.
