North Central College International Student Expense Estimate

2016-2017 Academic Year

International students seeking an I-20 must demonstrate **full financial support** for the first academic year of study with the reasonable expectation that similar funding will be available for future years. North Central College is required by federal regulation to carefully check the financial ability of each student before issuing the **Form I-20** (Certificate for Eligibility for Nonimmigrant F-1 Student Status).

The following are cost estimates; actual costs may be higher. (Amounts are based on full-time enrollment for three terms.) North Central College reserves the right to change tuition and fees at any time without prior notice. Transportation costs are not included in these estimates. All international students are required to document the full amount (less any scholarships awarded), whether they will live on-campus, off-campus, or in the area with friends or relatives. (A local sponsor can provide a Room & Board Affidavit if the student plans to commute and the sponsor will provide room and board free of charge.)

If the applicant is married and plans to bring a spouse and/or children, please add \$4,000 per year for the spouse and \$2,500 per year for each dependant child. North Central College does not have on-campus housing for married students. **Family members** accompanying students in F-1 status will receive I-20s for F-2 status and will **not be allowed to work** in any type of employment.

North Central College offers scholarships for international undergraduate degree students only. Scholarships range up to \$20,000 and are awarded to qualified applicants based on academic merit.

International students must be admitted to North Central College and follow these steps to receive an I-20:

1. Complete, sign and date a **Declaration of Finances & Affidavit of Support** form.
2. Provide financial support documentation. This must be a letter with official signature on bank letterhead (with bank contact information), dated within six months of program start and including the name of the account holder. It must confirm the amount in the account and identify **both** the type of account (e.g. savings, checking, etc.) **and** the currency. The amount in the account must be at least equal to the amount pledged by the sponsor. If the original letter is not in English, a certified English translation must also be included. The account must be in the name of the sponsor signing the Declaration of Finances & Affidavit of Support form.

Please Note: If you will have more than one sponsor, complete and sign the top section (Student Information) of the *Declaration of Finances & Affidavit of Support* form and provide a copy to each sponsor. Each sponsor must submit **both** a completed and signed *Declaration of Finances & Affidavit of Support* form **and** a bank letter.
