Dear Student:

A review of your **2019-20 Free Application for Federal Student Aid (FAFSA)** determined that the **Selective Service System** did not confirm your registration or exemption status.

To receive federal student aid, a person who is required to be registered with the **Selective Service** must be verified as being registered. Since your registration or exemption status has not been confirmed you need to provide the Office of Financial Aid either with proof that you are registered (a copy of your registration card) or with documentation verifying why you are not required to be registered.

If you cannot show proof of registration or exemption, you must contact Selective Service at 847-688-6888 or you may also access Selective Service on the Web at <https://www.sss.gov> to resolve this matter before you can receive any federal student aid.

PLEASE NOTE:

If you are at least **17 years and 3 months of age** you may submit *Early Registration* for Selective Service. Selective Service will keep the information on file and process it automatically later in the year, when you, the student, is within 30 days of reaching your 18th birthday. An acknowledgement card will be mailed when it is processed.

To pre-register, go to <https://studentaid.ed.gov/sa/fafsa> and submit a correction to Question #22 by answering "YES – Register Me". Once our office receives this correction to your 2019-20 FAFSA, we can process your financial aid.

Please correct your FAFSA as soon as possible so we can proceed with our review and decision. If you have any questions concerning this matter, please contact the Office of Financial Aid at 630-637-5600 or finaid@noctrl.edu.

Sincerely,
Office of Financial Aid
