Led by Prof. Jinai Sun
& Prof. Nicole Rivera

CARD*261*1

Course Description

This program will be devoted to learning about the Silk Road and the relationship, both ancient and contemporary, between China and the West. The Silk Road will be both the area we travel to and the metaphor for our understanding of China's newly cosmopolitan emphasis in understanding their own and others' philosophy, religion and culture. Students will travel to Beijing, Xi'an, Luoyang and Shanghai and understand how globalization today compares to globalization over thousands of years along the oldest trade routes in the world. Students will apply intercultural communication theory and learn about the variety of influences on Chinese culture from outside "the Middle Kingdom" but also understand China today through observation, interaction, and essential readings in the history and contemporary life of the country.

Itinerary Highlights

- Learn the history of China's empires on a walk along the Great Wall
- Visit the former home of the Emperors in the Forbidden City
- Visit the Eighth World Wonder "Terra-Cotta Warriors" in Xian City
