

5th Annual SEL Summit 2022

# SEL Summit in the City

## Elevating SEL and Well-Being

North Central College, in collaboration with IL ASCD and Mindful Practices, is proud to be a GOLD Level Sponsor for this virtual event.

**REGISTER TODAY!**

North Central College Leadership Academy is sponsoring the following Culture of Character Presenters:

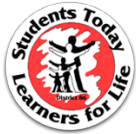

**Jacob Darley**

**Elevating a Healthy Culture in Your School**

Learn practical tips for teachers and administrators to grow, build and sustain a healthy school culture. Join us for an interactive discussion with the leader of a National School of Character to explore hands-on ideas you can implement in both the classroom and school level. We will address the broad spectrum of healthy school culture whether you are just beginning the journey or several steps along the way.

July 21, 2022 | 10-10:50 a.m.

**Anne Kasa**

**Supporting Intrapersonal CASEL Competencies with Digital Tools**

Explore the dynamic ways Google Workspace tools can support SEL in the classroom. We will experience and create digital tools for self-assessment and self-management, build a pathway for communication between you and your learners, and sample virtual calm spaces. Everyone will leave with several editable digital tools for your students (and you) to practice CASEL's intrapersonal competencies. This session is open to all Google experience/comfort levels and will utilize Google Forms, Slides, and Sites.

July 21 | 12-12:50 p.m.

**Dr. Julie Sperry and Dr. Kristen Pelster**

**Building Community is as Simple as Knowing Your ABCDs**

Learn how to build a classroom community where everyone can be their best self. This work is centered around the ABCDs of Social Emotional Character Building: Autonomy, Belonging, and Competence + Dignity. These concepts are at the heart of what makes human beings excel and they are the motivation that propels people to want to be the best version of themselves. The concept of internal motivation is grounded in years of research around Deci and Ryan's Self-Determination Theory.

During this session we will uncover the foundations of the ABCDs and share specific best practices that are immediately applicable to your classrooms, schools and districts. We will collaborate with one another while creating new connections for building responsive social emotional character focused communities.

July 21 | 1-1:50 p.m.

**REGISTER FOR THE SEL SUMMIT TODAY**

North Central College's character-strand speaker series presented during the 2022 SEL Summit highlights the timely focus on the leadership needed in schools today.
